# BUNGALOWS KEY LARGO

## Low Key Luxury

By JAX COHEN

After much excitement and anticipation, the celebrated adults-only Florida Keys resort, Bungalows Key Largo, will officially reopen its teal-hued doors for eager visitors on December 19th – just in time for the holiday season!

The beautiful secluded landscape of this luxury, 21 and over resort will provide much needed adult time for those with kids, or simply a glorious escape from the nonstop hustle of our busy lives. As the only all-inclusive resort in The Florida Keys, Bungalows Key Largo serves as the epicenter of relaxation of America's Caribbean Islands.

If you've ever driven down Florida's breathtaking Overseas Highway, you've seen the dreamy views of the Florida Keys. Located on the Key's Northernmost island, just 63 miles south of Miami, the boutique waterfront property boasts

towering palm trees, bright coral reefs, and striking 360-degree water views – get ready to get pampered in paradise!

The tranquil beauty of the surrounding Gulf of Mexico invites guests to kick off their shoes and set all worries aside. Thanks to the resort's breathtaking backdrop, guests can slow down, and reconnect with nature and each other.

Bungalows Key Largo's renovations will showcase a complete replication of the original resort amenities. The goal of the reopening is to fully restore the two-story Beach House under thatch roofing – home to the Living Room common area, two restaurants, Fish Tales and Bogie & Bacall's, as well as the Hemingway bar, the main pool area and the Zen Garden Spa.

"Bungalows Key Largo opened to a bevy of buzz and incredible interest from guests throughout

the U.S. and beyond," says founder and owner Jerry Johnson. "We have worked tirelessly to restore the resort to its original grandeur, and we are confident the finished product is worthy of the hotel's opening fanfare. We look forward to welcoming new guests as well as loyal guests back for a truly immersive Florida Keys experience."

Johnson – the former owner of Cheeca Lodge & Spa down the road in Islamorada and the current owner of the Rustic Inn at Jackson Hole, the Lodge at Jackson Hole, and the Capitol Reef Resort in Utah – created this upscale, adults-only all-inclusive with different homages to his favorite places around the world. The original 2017 opening of the Bungalows Key Largo came from Johnson's vision to fill a void he saw in the U.S. hotel industry. There is just one other all-inclusive hotel in Florida, and it is located on the St. Lucie River, about an hour north of West Palm Beach.

Steeped in timeless island elegance, Bungalows Key Largo will continue to rewrite the rulebook on the all-inclusive experience, providing the perfect place to celebrate big life moments. Located at mile marker 99 bayside, this expansive adults-only oasis features 135 private bungalows, spanning the property's 12 acres, each outfitted with its own bougainvillea-laden veranda complete with oversized, alfresco soaking tub and garden shower.

Other upscale amenities include delectable dining experiences at any of the resort's lively eateries and bars. If you're looking to feast like royalty, have dig into delicious bites at Bogle & Bacall's, where you can enjoy an unforgettable six-course fine dining experience complimented with perfect wine pairings and craft cocktails from Hemmingway Bar. More casual but equally indulgent dining options include the beachside restaurant Sea Señor, which serves local seafood

with the vibrant flavors of Mexico, and the Mediterranean inspired restaurant Fish Tales. Overlooking the ocean and pool area, you will have a very tasty tale to tell about your experience with their fresh ingredients and Italian flare. For a quick bite, try Larry Largo's food truck, or sit poolside at the Sunset Tiki Bar. You can even hop on one of the two floating tiki boats aptly named the S.S. Rum Runner and S.S. Margarita which are now BYOB.

For those looking to completely unwind, the resort touts two pools and two jacuzzi tubs, 1,000-feet of shoreline decked out with countless beach cabanas, and a full-service Zen Garden Spa featuring a Himalayan salt room. Feel the serenity of your surroundings with their eucalyptus steam room among other restorative-wellness offerings and beauty services. Fitness focused travelers will be excited to find two Huffu cruiser bicycles provided for island-exploration, as

well as a Fitness Tiki Hut furnished with Peloton equipment, daily morning yoga classes and an array of aquatic activities such as snorkeling, kayaking and paddle boarding. Bungalows Key Largo also offers the adventure seeking guest a full fleet of boats – from electric Duffy boats and catamarans to watersport and sailing boats.

All-inclusive rates include around-the-clock golf cart pickup and drop-off service, lodging, food and premium beverages, resort amenities, water toys, beach cruisers, activities such as morning yoga, cooking and mixology classes, sunset happy hours, fish fries, pig roasts, and more.

With its official reopening announcement on December 19th, 2019, they are now accepting reservations for late December and beyond! ♦
